<b>Regarding you rights to protest against the transfer of private information in certain cases, please read attached application intructions.</b>						
Place, date				Applicant's signature		

If you are moving in a foreign country, you have to deregister yourself.

If at the same time you give up one or several residences in Germany and you don't move into a new residence in Germany you have to deregister the residence you give up. You can do it at any registry office you are actually registered.

In these cases the filled out and signed application has to be submitted instantly at the concerned registry office.
