Spend a unique evening in the amazing ambience of the baroque Nymphenburg Palace. The Schloss concert - dinner takes you into a sensual world full of art, dining and music.

You have got the opportunity to start your evening with a three-course-menu, served in the solemnly atmosphere of Schlosswirtschaft Schwaige, or you can enjoy the dinner after the concert. The Concert is held in the baroque Hubertussaal. We present masterpieces of classical music from Mozart, Rossini, Vivaldi and many more, which are performed by outstanding artists in historic costumes. The concert is moderated and offers not only amazing music, but also interesting details of the composers` lives or on the background of the artwork.

The royal glance of the palace and the sensual combination of music and dining, make the Schloss concert - dinner a unique experience.
